

2023 was a year of collaboration.

Our goal was to work together to see lives changed.

In January Michael Ma and his family joined us at Penshurst.

I'm sure you would agree they have been a great blessing to us.

In March I started a men's group to promote leadership. Many of those men currently serve in different areas.

In April we ran our first Holiday Club with 30 children attending. Soon after we started a Friday afternoon Kid's Club with 11 children attending.

New small groups have begun in both the Mandarin and English congregations.

We collaborated with Pastor David Wong in the trip to Malaysia in September.

Our Chinese New Year and Mid-Autumn festivals were joyful events and our Christmas Eve production was well attended.

In 2024 we want to look up. We want to see what God is doing in the world and how we can take part in it.

To this end Peter Sun started as a student minister.

Ronny Leung has begun theological study at SMBC.

We have restarted our youth ministry on Friday night with 6 youth attending.

We will once again have our Mission month in July.

Our Holiday Club this year will be in the July holiday period.

Finally, we are taking part in the Meet Jesus campaign. Along with university Christian groups, we are inviting people to read the gospel of John and discover for themselves how Jesus is the one who gives life.

God is doing exciting things at Penshurst. It is wonderful to see people fired up in following Jesus. It's great to see people getting involved in ministry. I love the generosity. Please pray that God will use us mightily in His plans to introduce people Jesus and experience the joy of new life in Him.
