

# God's Rainbow Covenant

God always keeps His promises.

1. Print the next page.
2. Glue cotton balls onto the cloud shape.
3. Cut out the rectangle shape.
4. Trace the rectangle onto six different colours of construction paper. Or cut six rectangle shapes out of white paper and colour them in.
5. Cut out the cloud and each individual rectangle.
6. Glue the strips of construction paper to the back of the cloud.
7. To hang the cloud on a wall glue a piece of string in a loop to the back of the cloud.

Every time I see a rainbow, I am reminded that they are a sign from God that He keeps His promises.
