

TENT STORY AND PRAYER TIME

The Tabernacle (or tent) was a place to meet with God.

Build an indoor tent using some blankets or pitch an outdoor tent.

Have a Bible reading and prayer time inside with your child.

Here are some ways to make your own tent at home!

1

Create a classic fort-tent. This tent is definitely one you'll need to take down at the end of the day or in a day or two. Drag pieces of furniture together. Throw fabric over the top, such as a large sheet, and weigh down the sheet on the outside with pillows.

- If you place chairs facing outward, throw the sheet over the tops, and let it hang down to the seats on the outside. Then, place pillows or books on top of the sheet where it rests on the seat of the chairs.
- For a bigger tent, use binder clips to attach one sheet to another.

2

Use fabric and a string. For a simple tent, tighten a string between two sturdy points. Throw a sheet over it in an a-frame shape to create a simple, quick setup tent. Add some pillows below, and you're good to go.

- For another option, run a dowel under the fabric, then use strings on the end to attach it to the ceiling.

3

Make a tent out of your table. Find a tablecloth that runs all the way to the floor. Throw it over the table to create the tent. To get into the tent, just duck under an edge. If you want a more permanent door, pin or clip an edge up. Clip two tablecloths together if you need to.
